BOATING SCENE - The weather was perfect Sunday afternoon for the scores of boaters from nearby areas who flocked to Deer Creek Reservoir in northeast Fayette County. The lake was speckled with the boaters and waterskiers. New picnic tables and benches have been placed in the

park area for the coming Labor Day holiday. Mrs. Jane Hampton and her daughter Susan, Jeffersonville, took advantage of the warm day to enjoy the beautiful scenery at the reservoir area.

The defense lawyer had called for mistrial, calling the lengthy deliberations, an "exercise in endurance."

The judge denied the motion as the jury went into the 34th hour of deliberation since getting the case Wednesday afternoon. The deliberations are considered by court sources as the

longest in recent state history. "The jury is apparently hopelessly deadlocked,' said defense attorney Theodore I. Koskoff, "and further deliberation becomes an endurance contest and any verdict achieved would appear to be as a result of the pressures of the jury room and becomes an exercise in endurance rather than deliberation.'
